## Restaurant NHube

### NHube

#### Our Cuisine

This new space acts as a restaurant and reading hall, a living room and bar-cafeteria, it acts as a multifunctional space destined to please all of our business clientele, even those that do not lodge in the hotel. In this modern flexible atmosphere, with changes of light in accordance to the time of day and furniture of great design, one can dine, have the possibility of listening to music, surfing the internet, reading and watching the television.

The most surprising, is the gastronomical supply which is not only homemade simple dishes but also traditional spanish cuisine, with the only pretension that the client feels like they are in their own home. Creations are based on the quality and where each product is chosen meticulously by its characteristics and the *sapidas* possibilities.

A variety of convincing starters, such as grilled vegetables or the exquisite codfish with oil and black olives. Between the fish, the golden one with creamy juice of tender garlic, the cod with curls of squid and confitura of onion or chicharro in escabeche con *asadillo manchego*. In the section of the meats, one of the most traditional and Madrilenian options without a doubt, are 'los callos'.
