Our Cuisine

Endorsed by the professional chef Joel Tomás, with more than three decades of experience within kitchens he has now formed a Mediterranean kitchen. The fundamental base for this type of cuisine is rice, without forgetting the fish and flavoursome meats. All this is endorsed by the quality of the products and the chefs technical ability to elaborate. The choices are varied from mixed paella, rice with a tender flank of rabbit and artichokes, baby squid with vegetables, or the just as appetizing grilled sirloin with Gratinated goat's cheese and pink pepper. To finish you can try desserts such as banana milkshake and a cylinder of orange with lemon cream. In summer, there is an outdoor terrace where you can enjoy the calm surroundings and relax. In the informal setting of the Cafeteria, there is an ample selection of sandwiches and homemade dishes. The wine list includes practically all of the wines from within the national geographical areas, which serve as an ideal compliment to the menu.
