## Restaurant Rincón de Pepe

### Rincón de Pepe

The Rincón is the flagship and peerless point of reference for Murcian cuisine.

### Our Cuisine

The Rincón is the flagship and peerless point of reference for Murcian cuisine.

The extraordinary quality of its products and the high technical skill in the preparation can be seen in all of the restaurant's specialties. From the fish to the red meat dishes to the vegetables, all are given the most luxurious of treatment. Good examples of this are seasonal vegetables or rice with farm-fresh vegetables, not to mention the red rock mullet, mullet roe and the fresh, salted tuna. The natural prickly pear sorbet and the Rincón "leche frita" (dessert made of milk thickened with flour, coated with egg and fried) complete the culinary offerings.

In the bar, you can have a more casual meal by sampling the various "tapas," ranging from traditional choices to modern ones, made with ingredients of the highest quality. Tables as well as a standing area at the bar are available.

There is a wide selection of the latest wines from the region as well as a small but high-quality selection of cigars.
